Volume 2011 Issue 1

Happy New Year from your friends at CM's! It is hard to believe that another year has come and gone and yet, here we are, launching our Year-in-Review issue. We hope you enjoy this brief look back at some of the projects we completed in 2010.

We wish you and yours a happy, healthy and prosperous 2011.

Where we started

The renovated deck was just the beginning.

The fire pit is a great conversation spot and the seat wall is the perfect place for reflection or rest after a hectic day.

Illumination is a safety feature and adds to the space's functionality once the sun sets.

YIKES!

A more finished look. This pathway wanders the perimeter of the house. Can't wait to see the landscape beds in bloom next year!

Reminders

1. Return 2011 contracts.
2. Schedule an appointment with one of our landscape designers.

CM's - A Cut Above: New faces, more services, same commitment to quality and customers

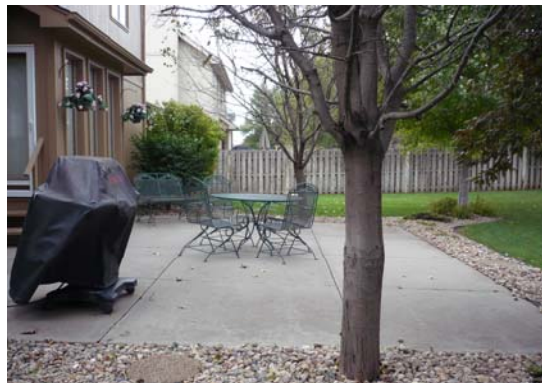

CM's Custom Lawn & Landscape and A Cut Above Landscape merged last summer. As a result, our clients have been introduced to services such as holiday lighting, water features and sprinkler services which, in the past, may have been offered only as subcontracted services. CM's-A Cut Above continues to look for ways to best serve our clients efficiently and in the most cost-effective ways possible.

We are grateful for the confidence our clients have in us and look forward to serving as your turf-sprinkler-landscape design and construction contractor in 2011.

We look forward to the new season. Until then, Happy New Year!

A transformation revives an outdoor entertainment area

Where would you rather unwind after a long day at the office? This updated patio features a seatwall, new landscape beds and a beautiful paver floor. Whether this homeowner wants quiet relaxation or a gathering of friends and family, this space fits the bill.
